

WALPOLE POLICE DEPARTMENT

WALPOLE CAMERA REGISTRATION PROGRAM [REGISTRATION FORM]

In an effort to continue our public safety partnership with citizens and businesses, the Walpole Police Department is offering a security camera registration program. The Walpole Camera Registry Program allows residents and business owners to voluntarily register the locations of their video surveillance systems with the Walpole Police Department. When a crime occurs, police will be able to identify the locations of nearby video cameras to obtain potential video surveillance. If necessary, police would ask Walpole Camera Registry Program participants to check their private video surveillance systems for a specific date and time for video that may show activity involved with a crime, and, if they so choose, participants can voluntarily provide copies of video footage to police for investigative purposes.
